DANVILLE, PA., June 2, 1862. Dr. WM. H. Garge-Dear Sir: In February, 1881, 1 at low figures. was afflicted with the sugar diabetes, and for five months I pa sed more than two gallons of water in 24 hours. I wa- obliged to get up as often as ten or twelve times du-

ring the night and in five months I lost about 50 pounds in weight. During the month of July, 61, I procured two bettles of Constitution Water, and in two days after using it I experienced relief, and after taking two bottles I was entirely cured, soon after regaining my usual good good health. Yours, truly. J. V. L. DE WITT. BOSTON CORNERS, N Y., Dec. 27th, 1861. WM. H. GREGG & Co.

Gents: I freely give you liberty to make use of the fol lowing certificate of the value of Constitution Water, which I can recommend in the highest manner. My wife, who was attacked with pain in the shoulders, whole length of back, and in her limbs, with Paipitation of the neart, attended with Falling of the Womb, Dys menorrhora, and trotation of the Bladoer. I called a physician, who attended her about three months, who he left her worse than he found her. I then employed one of the best phys cians I could find, who attended her for about nine months, and while she was under his care she did not suffer quite as much pain; he fimilty gave her up and said, "her case was incurable" For, said he, "she h s such a combinute wofcom, brints, that medicine given for one operates against some other of he difficulties." About this time she commenced the use of Constitution Water, and to our utter astonishment almo I the first dose seemed to have the desired effect, and she kept on improving rapidly under its treatment, and now seperintends entirely her domestic affairs. She has not taken any of the Constitution Water for about four weeks, and we are happy to say that it has produced a permanent cure WM M. VANBENSCHOTEN.

Dear Sir: I have for several years been afflicted with that troublesome and dangerous disease, Gravel, which resisted all remedies and doctors, until I took Constitution Water, and you may be assured that I was exceedingly pleased with the result. It has entirely cured me, and you may make any use of my nome you may see fit in regard to the medicine, as I have entire confidence in its

It threatens a radica change in the institutions and principles upon which the Government was founded, and the destruction of the liberty and rights of the citizen, such as the BROWNING & SLOAN, people of no other nation have enjoyed, and t which may be attributed our unequaled progress in national prosperity and greatness. The issue will soon be upon us, whether this free Government shall be preserved and maintained and the rights of the States under the Constitution perpetuated, or a powerful central authority be permitted to grow out of this war, obliterating State lines, State institutions, and all those checks upon the Federal Government, rights reserved by the States, which have constituted the excellence and supe riority of our nationality-States "one as the sea" for the common objects set forth in the Constitution, but "distinct as the billows" in the management of their purely demestic affairs. These questions were involved. in the recent elections, and the voice of the people was most emphatically expressed for the "Constitution as R is and the Union as it was." Never was there a time when it was so important that the people should be thorsughly advised as to the progress and condition of public affairs and of passing events. We therefore ask our Democratic friends-all who desire the success of sound principlesto aid in the extension of the circulation of the Sentinel, Daily and Werkly, until they shall at least reach every Democratte family in Indiana. The press is a most important agent in directing aright the public mind, and all that is needed to give the Bemocratic party permanent rule is the enlightenment of the people as to its principles and policy. It shall be our aim, with all the ability we possess, to faithfully advocate Democratic sentiments and measures, for we believe that in se doing we best promote the true interests of the country.
